Mr. W. W. CORDELL, of Louisville, who is now in Washington City on business, says Congressman PCOR will be re-elected easily.

A DELEGATION from Monroe, La., has been in Louisville inspecting that city's streets. If they want to see streets that are worth inspecting why don't they come to Maysville?

THE printers of The Lexington Argonaut got tired of working for nothing and quit. The paper quit also. But now Colonel WILL B. POA has been called in and with a reorganized force of type-setters the paper appears again.

DID it ever occur to you that some Democratic papers not a thousand miles from Maysville are just now manifesting great love for the soldiers, and are horror-stricken at the "inhuman treatment" of Uncle Sam's bluecoats. And did it ever occur to you that it hasn't been a great while since these same papers could find no language strong enough, or no epithets mean enough, to apply to some of these same soldiers, designating them as "Lincoln's Hirelings," "Florence's Dunces," "Mudlarks," "Paupers," "Coffee-coolers," and so forth? It is astonishing how low some Democratic Editors will stoop to gain a little supposed political advantage.

WILL THE PEOPLE

SUBMIT?

Following are the net results of the infamous Gobel Election Commission: Democrats absolutely control the election system in every county in Kentucky. In 30 counties there are two Democratic and one Republican Election Commissioners; in 18 other counties there are two Democratic and one Populist Commissioner; and in the remaining counties we have solidly Democratic Boards.

Republicans are in a helpless minority of one against two in 30 counties, and in 24 counties they are absolutely without representation on the Boards that are masters of the election machinery, pass upon all election contests and from whose most infamous decisions there is no appeal.

The Republican organizations were not permitted to select the few Republicans appointed, and it is a notorious fact that the so-called Populists are nearly all Democrats in disguise, having voted and acted with the Democratic party on every important occasion in recent years.

The mask of hypocrisy that was put on when Judge PAYON was elected a member of the State Election Commission has been thrown off, and the Gobel conspiracy is revealed in all its hideousness.

Has the Republican party been such an enemy to the state and Nation as to justify these outrages against law and decency to drive or keep it from power?

Is the supremacy of WILLIAM GOBEL and his high-handed followers so important to the writers of Kentucky as to condone this unscrupulous rape of the ballot?

Will the people submit?

COURT'S OPINION.

A Case Taken From This County Reversed by Appellate Judges.

The Court of Appeals, in reversing the case of C. B. Clift, et al., vs. W. R. Newell, taken from the Mason Circuit Court, handed down the following decision.

Where, in an action by a devise to recover from an administrator with the will annexed for alleged wrongful administration of the estate, the only ground offered upon demurrer was that the caption to the petition stated that the action was against defendant as executor, named as administrator, when, in fact, he was not executor, the variance was immaterial, especially as the facts stated in the petition of action against defendant individually and as he was only administrator, and had notice of the cause of action, the only ground of a general demurrer is untenable in that it does not state facts sufficient to constitute a cause of action.

Hons. E. L. Worthington and A. A. Wadsworth were attorneys for appellant, and Cochran & Son for appellee.

### LOVERS STOOD BY SIDE.

They Fought the Officers to the Death—Murderer Clark and His Faithful Wife—Heart Shot Dead in Their Tracks.

OWENSBORO, Ky., Oct. 10.—Howard Clark, burglar, murderer and fugitive from justice, in company with his girl, Hattie Mahoney, who in three months would have become a mother, lies dead at a point about four miles from here on the Indiana side and half a mile from Marsden, Ind. Both are shot through both head and body, each with two or three wounds which would have proved fatally deadly.

They were slain by officers of the law from Owensboro, who were in pursuit and after the fugitive had opened fire at close range upon their pursuers.

Word reached here from Cannelton, Ind., warning Chief Pierce that the pair were making their way down the Ohio and would reach Owensboro Friday night. Clark was wanted for the murder of Officer Heffernan at Louisville last August. The murder was committed under circumstances as to make his capture especially desirable.

Clark had been detected in a burglary, and when told to surrender by Heffernan his companion threw the officer down on the flat of his back, and before the officer could rise Clark had shot him dead.

He then escaped. It was known that his paramour had fled with him. They were in a skiff, with ample provisions of all kinds, not excepting arms and ammunition.

### SERGEANT SHOT DEAD.

Corporal Edwards Kills Sergeant Green and Fatally Wounds Another Sergeant—All of the Seventh Infantry Regiment.

LEXINGTON, Ky., Oct. 10.—A fierce fight took place in the camp of the 7th Immunes Sunday morning, as the result of which one Negro is dead and another mortally wounded. It seems that Corporal Edwards became enraged at some trivial matter, and drawing from his pocket a .45 caliber army pistol, began firing at Color Sergeant Green.

The first shot struck Green in the breast and killed him instantly. Another bullet struck one of the other soldiers engaged in the quarrel in the abdomen, inflicting a wound almost necessarily fatal. Col. Goodwin sent messengers to the city to secure handcuffs for the prisoner and to notify Coroner Miller, who Sunday afternoon held an inquest over the dead Negro. This is the first killing of the kind among the volunteers.

A member of the 10th Immunes Sunday morning had a fight with a provost guard and was shot through the shoulder. The wound is not necessarily fatal.
